ASSEMBLE
ME
AS YOU
LIKE

CUSTOMISED
SOLUTIONS FOR
ENVIRONMENTS
TO BE DREAMT

Domino modular elements flower boxes can be assembled in unlimited combinations of shapes and dimensions.

Thanks to the single tank solution, which allows the natural development of the root system, water and nutritional resources of the plants are optimised.

TO MAKE A FLOWER YOU NEED SPACE

TO MAKE SPACE YOU NEED A **MODULE**

ESSENTIAL
SHAPES TO
MAKE YOUR
SPACE UNIQUE

Domino is a system composed of simple 50x50 cm modular elements to compose flower boxes, adaptable to any kind of design.

The **Extension Kit** allows combining different modules, creating original and flexible solutions.

Space-saving packaging allows easy transportation to different floors, and easy instructions ensure fast and smooth installation.

Said characteristics make **Domino** the ideal flower box for unique and non invasive fittings.

IDENTITY AND
VALUE FOR A
LONG-LASTING
RESULT

The flower boxes for your terrace will not be a problem anymore.

The typical lightness of **Domino** resin modular elements flower boxes is the perfect solution for terraces and paving with concrete slab.

Its material is highly resistant to atmospheric agents and UV solar radiations.

The ingenious patented assembling system ensures safety and certified quality.

Domino the modular elements flower box is compact, simple, easy to be assembled and personalised.

It is available in the following colours: pearl grey, clay-like, anthracite.

TO MAKE A **MODULE**
YOU NEED A **FLOWER**
